

GINGERBREAD HOUSE PATTERN You will need to trace this pattern so that you have the appropriate number of pieces. When you trace the chimney pattern, make 2. You can add windows where you like, but do not add too many as it may crumble.

Crest of roof (top)

6 inch by 5 inch roof sections, CUT 2

4 inch by 5 inch Sides of House, CUT 2  
You may want to add a window in these side sections  
or just make it look like there is a window using  
icing and candy.
